

Guiding you through the customs and tax maze

smart logistics

Benefit from rapid customs clearance with Hitachi's help.

With Hitachi Transport System as your recognised customs agent, you can rely on personal service, tailor-made advice and above all peace of mind. Not having to worry about the maze of rules and regulations governing the import and export of your products frees up more time for you to focus on your core business activities.

Hitachi opens up new international opportunities

- Reduced lead times
- Improved cash flow
- Cost savings through optimised duty payments
- Assured of having the right trade documentation
- Authenticated on time by the relevant authorities
- Expertise on the latest legal requirements
- Understanding of both the local situation and the challenges of doing business globally
- Faster goods flows in Europe thanks to the AEO certificate: fewer customs checks
- The convenience of a licensed customs broker handling all contact with customs authorities

By making use of our comprehensive range of customs and tax services, you can benefit from rapid customs clearance for your products, thus saving you unnecessary delays and hence costs. You can also enjoy the convenience of a Hitachi customs specialist who is always on hand to sort out any problems for you.

Our customs and tax services include:

- Import, export and transit declarations
- [Customs warehousing](#)
- General VAT Fiscal Representation
- Limited VAT Fiscal Representation
- Simplified import procedure
- Deferred payment of duties and taxes
- ECS – confirmation of exit
