

Smart transport

smart logistics

Hitachi offers you quick and reliable solutions with top-level service at attractive rates.

It is important that your products arrive with your customers quickly and safely. Hitachi Transport System offers a wide variety of transport services at very attractive rates without losing sight of 'green' considerations.

Smart logistics by road

- Hitachi selects the most suitable carrier for your consignment in terms of price and service
- You can rely on quick and effective response
- Benefit from our volumes and economies of scale as well as our expertise

Smart logistics by air

- Plan flights based on your manufacturing schedules
- Capacity on main routes even in peak seasons
- IATA agent: offering you safe and reliable air freight services at the best possible rates

Smart logistics by sea

- Daily departures
- The speed and convenience of a single through bill of lading
- Both FCL and LCL
- Environmentally friendly
- Sea-Air combination offers shorter transit times and is an affordable alternative to air freight

Express parcel service

- Handling of any type of letter, parcel or pallet
- Excellent rates thanks to our volumes
- Delivered to the right place at the right time, and at any desired – and agreed – moment
- Dispatch either from a Hitachi facility or from your own location

Smart intermodal transport

- Multi-stage shipments: by water, rail and/or road
- Less risk of damage
- Lower costs, quicker and more environmentally friendly

Special and heavy transport

- For shipment of heavy and unusually sized products
- Benefit from our technical know-how

Project cargo transport

- Transport for unusually sized consignments or shipments that require extra care and attention
- For example: break-bulk, out-of-gauge (OOG), heavy-lift cargo or Ro-Ro cargo
- Complete project management service

For all modes of transport

- Inland transportation possibilities
- Timely pick-up and delivery
- For both import and export
- Constant monitoring and quality assurance
